

Dear Parents or Guardians,

Your child _____ has been selected to participate in the Liberty Elementary Positive Behavior Support Targeted Group. This program is designed to give students a person to check in and check out with daily. They will have a behavioral point sheet (enclosed) that will help them to monitor their behavior throughout the day. These point sheets will never be used in a negative way. They are to help us set goals for the student based on how they perform in the first week of the program. Our goal is to get the students earning 80% of the possible daily points for 10 consecutive days. We will be having the students chart their daily percents and can provide a copy of this chart upon request by the parents or guardians. Please remember that this is a positive way to touch base with your child daily and help them to monitor their own behavior and set goals for themselves. Your child has been assigned to meet with _____ every day. On days that the staff member is out of school, the student will get a point sheet from their classroom teacher to fill out and will chart the points when their assigned staff member has returned to school. Please call Sandra Wood, Behavior Specialist and PBS Team Leader at 255-7515 if you have any questions or concerns about your child's participation in this program. Please sign below to indicate your permission for your child to participate in this program.

Sincerely,

Sandra Wood, M.S., B.C.A.B.A
