FLPBS Connect & Share
with live technical assistance

August’s Topic:
School-Level Equity Profile

Your Tier 1 implementation activities are resulting in great outcomes for your students, but are they resulting in great outcomes for ALL of your students? This session will show you how to use the FLPBS Project’s Equity Profile tool to assess whether disproportionate discipline exists at your school. Suggestions on steps to take after completing the Equity Profile will be provided. The chat will be followed by a live Question & Answer segment.

Participants may submit questions prior to the event through their FLPBS: MTSS Project contact person. Priority will be given to questions submitted prior to the event. Participants may also ask questions by typing into the live chat during and immediately following the presentation. Questions will be answered on a first-come, first-serve basis. A technical assistance provider from the FLPBS: MTSS Project will be available to answer questions and facilitate the discussion.

Tuesday, August 17th
