

Chart Your Course to Technology Success

Respect

- I will send polite and respectful messages that do not include offensive, threatening or disrespectful language or pictures.
- I will maintain my own computer work and not trespass in the folders, work or files of others.

Responsibility

- I will keep my password private and not use anyone else's password.
- I will be careful using computer equipment and not damage computers, printers or waste computer resources.
- I understand that the school will check my computer files and may watch me while I visit Internet sites or monitor sites I have visited.

Involved Learning

- I will access online resources that are appropriate for a school setting and will avoid those containing inappropriate language, violence, drugs, gambling, hate or sexual content.
- I will respect copyright laws and cite the sources of the information I use from print or online information resources.
- I will use the school's computers, systems and networks for school purposes only and not any business purpose.

Safety

- I will maintain my anonymity while online and never give out my personal information (last name, home address, telephone number) or any other information about myself or others.
- I will let a teacher know if I find any pictures or writing that makes me feel uncomfortable.

Violations may result in a loss of access or other disciplinary action.
