Intended Results of Project

- Decrease the number of out of school suspensions by 50%.
- Increase the likelihood that teachers would develop more meaningful/positive relationships with students as shown by the decrease in number of referrals written.
- Present a more safe and positive image to our school community.

Connection to Key Challenges

- Reduce the number of disciplinary referrals.
- Reduce the number of out of school suspensions.
- Improve likelihood of positive student/teacher relationships.
- Project and maintain a positive environment throughout our total school community.

Implemented and facilitated the Positive Behavior Support school wide management system. Provided training to teachers while monitoring the system throughout the year.
