What is School-wide Positive Behavior Support?

Positive Behavior Support is a different way of handling discipline. In a school setting, it cannot be assumed that students know correct behaviors. Children come from different backgrounds and cultures that view behavior in their own unique ways. When a child misbehaves, the school views it as a skill deficit. Therefore, students are taught appropriate school behaviors and expectations. Students are rewarded when they display the expected behavior.

Consequences are still given for inappropriate behavior. These consequences may include:
- telephone calls to parents.
- loss of privileges.
- after school detention.
- Saturday school.
- out of school suspension.
